THE FUNERAL SERVICES.

ARRANGEMENTS MADE TO TAKE PLACE ON FRIDAY.

The Senate Chamber as the Place—The Measure Providing a Pension for Mrs. Logan Will Pass Unanimously—The Final Funeral Arrangements.

WASHINGTON, Dec. 30.—Friday, December 31, has been selected as the day for the funeral of Gen. Logan. He will be temporarily placed in a vault at Rock Creek cemetery, in this city. The final resting place has not yet been definitely chosen. The remains will lie in state in the rotunda of the capitol from to-morrow noon until the time of burial, Friday noon. Dr. Newman will preach the sermon. The services will be held in the senate chamber.

The casket has been ordered from Omaha, N. Y. It is of Florida cedar, inside of which is a copper casket, self-sealing and absolutely air-tight. The copper casket is upholstered with a fine French satin crumpled in shade and tufted throughout the bottom and top, a pillow made of the same material handsomely embroidered furnishes a fitting final resting place for the dead senator. The casket is covered with the finest crepe broad cloth, handsomely draped and festooned, and the whole enclosed in a cedar outside box trimmed with copper mountings. The inside of the boxes counter-lined with black broad cloth and the top of the box rayed with the same. Taken as a whole no finer piece of funeral furniture has ever been used in this country, surpassing in some respects the casket made by this firm last summer for the late Samuel J. Tilden. The casket was made and shipped within thirty hours from the time the order was telegraphed from Washington.

The pallbearers are: Gen. Simon Cameron, Hon. Roscoe Conkling, Hon. Robert Lincoln, Mr. C. H. Andrews, of Youngstown, O.; Col. Fred Grant, Gen. Lucius Fairchild, Mr. M. L. Leggett, of Cleveland; Governor Jeremiah Rusk, of Wisconsin; Gen. W. T. Sherman, Gen. W. F. Vilas, Gen. John C. Black and Dr. Charles McMillan, of the Loyal Legion.

The committee having charge of the remains are the following: Senators Cullum, Stanford, Cockrell, Allison, Beck, Hawley, Voorhees, Hampton and Manderson. Gen. Sherman will have charge of the procession on the day of burial. Delegations from the G. A. R., Loyal Legion, Knights Templar and various other organizations of which Gen. Logan was a member will attend the funeral, which will be a large and imposing one.

Guards of honor, composed of representatives of the army, navy, G. A. R., Knights Templar and Loyal Legion comrades are at the Logan mansion, and will be on duty at the side of the coffin from this time until the remains are placed in the Rock Creek cemetery vault. The transfer of the remains from Calumet Place to the capitol will take place quietly and with but little military or civic display. The committee of senators which will represent that body at the funeral, met at the capitol at 10 o'clock and arranged to all minor details.

Gen. Sheridan was requested to act as marshal on the day of the funeral, and will be at the head of the long procession of military and civic organization and societies that will follow the senator's remains to Rock Creek.

Invitations to attend the funeral were sent to the president, the cabinet officers, Speaker Carlisle, and the families of the late President Arthur and Vice President Hendricks. A general invitation to attend the funeral will be extended to the public in the morning papers.

Pension for Mrs. Logan.

WASHINGTON, Dec. 30.—Senators Beck and Allison had a consultation in regard to a pension bill in the interest of Mrs. Logan. After talking with a number of their colleagues it was agreed that a bill giving Mrs. Logan the same pension as was granted Mrs. Hancock should be introduced. A number of the members of the house representing both sides say that it will pass that body unanimously.

The Mrs. Logan Benefit Fund.

WASHINGTON, Dec. 30.—Contributions to the fund for Mrs. Logan has reached \$25,000. Capt. George E. Lemon, who is receiving the contributions, still maintains that the fund will reach \$100,000 by the end of the week. Most of the amounts being received now are for \$100 or \$200. Subscription papers are being circulated in New York, Philadelphia and Chicago.

The G. A. R. to Lift the Mortgage.

PHILADELPHIA, Dec. 30.—As a meeting of Gen. U. S. Grant Post No. 5, G. A. R., the following telegram was ordered sent: "Gen. Lucius Fairchild, Madison, Wis.: 'Gen. Grant Post No. 5, Philadelphia, earnestly recommends your calling on the Grand Army of the Republic to pay off the mortgage on Comrade John A. Logan's homestead. Post No. 5 will cheerfully contribute its share.' J. HENRY GERBER, 'Commander.'"

Ice Gorge in the Susquehanna.

HAYRE DE GRACE, Md., Dec. 30.—Every indication now points to an early break-up of the ice in the Susquehanna river. The upper part of Garrett island is covered with ice, and at about 1:30 p. m. it commenced to jam north of the main channel's span of the Baltimore & Ohio bridge. Great anxiety now exists in Port Deposit, five miles above here. The latest reports from there say that the railroad track is covered. Every car has been ordered away from that point. The ice is from seven to nine inches thick.

Powderly Contemns Socialists.

NEW YORK, Dec. 30.—In a letter to a friend in this city Mr. Powderly strongly denounces the Socialists, and tells them that men who for 364 days in the year advocate the use of the dirk and the bullet, and who, on the 365th day walk up to the polls and vote for the continuance of the system which they denounce, cannot be recognized by the Knights of Labor.

The Much Insured Man.

SYRACUSE, N. Y., Dec. 30.—John Tyler, the man who committed suicide near this city and who was insured for nearly \$100,000, took out policies here amounting to \$19,500 last March.

NEWS FROM THE CAPITAL.

The President Much Better and Attending to Official Duties—Notes.

WASHINGTON, Dec. 30.—The president is very much better to-day, and is attending to his official duties as usual. Last night he was driven out to Mrs. Folsom's residence. Mrs. Cleveland accompanied him. The drive did him good. He limped and supported himself on a cane when going to the carriage. Dr. O'Reilly says there is a marked improvement in his patient's condition.

At the white house this morning it was stated that President Cleveland has suffered no ill effects from his little drive out to Oak View yesterday afternoon, that he rested as well as usual last night, and that it is believed he will be able to participate in the New Year's public reception. Mr. Cleveland, it is stated, went out in opposition to the instructions of the physicians. He feared that if he did not begin to take exercise or move around he would not be able to stand the ordeal of next Saturday. It is probable he will receive sitting down. His left knee is greatly swelled yet.

Discussing Matthews' Appointment.

WASHINGTON, Dec. 30.—Ex-Senator Pinchback, of Louisiana, has written Mr. Matthews, recorder of deeds of this district, that the action of the president in nominating him for the position will have a powerful influence in causing the recognition of the political equality of colored voters in the country. The Bee, colored organ, quotes Senator Ingalls as saying that no negro has a right to leave the Republican party, and adds: "We can better show than tell him, if Matthews is not confirmed."

No Effort to Reduce the Surplus.

WASHINGTON, Dec. 30.—Speaker Carlisle says that he does not think there will be any legislation this winter to reduce the surplus. The time is too short, and there is too great a disappointment on both sides of the house. He says: "The American people cannot be made to realize any situation until it is actually upon them. There is hardly ever any legislation passed in regard to a distant future."

Opposing Powderly's Mandate.

CHICAGO, Dec. 30.—A movement in opposition to the Powderly mandate in reference to the Anarchist fund and the United Labor party has been started by the Socialists, headed by George Schilling and others. It is in the form of a letter to Mr. Powderly from an outside standpoint, to be signed by one hundred of the leading Socialist knights of the city, protesting against what they claim to be his arbitrary interference with the rights of the local assemblies. It asks for the appointment of a committee to investigate labor matters in this city, and demands a revocation of the order issued. It also explains that unless the latter is done Mr. Powderly's authority in this city in a majority of the local assemblies will not be recognized.

Two Postoffices Robbed.

AKRON, O., Dec. 30.—The gang of burglars operating in this section of the state Monday night raided the Western Star post-office, which is in the general store of D. C. Dague. They made a prisoner of the town marshal, and blowing open the safe, obtained about \$1,000 in currency and a quantity of postage stamps. Then with a stolen carriage and team they reached Wadsworth, and robbed its postoffice of \$100 worth of stamps. One thousand dollars reward is offered for their capture, and many men have entered to chase them down. Of the money stolen from the Western Star postoffice, a portion was public money, some United States funds, and the balance miners' deposits for safe keeping.

Illinois Gamblers Indicted.

DECATUR, Ill., Dec. 30.—Nearly every proprietor of the gambling dens in this city has been indicted, and their prosecution has brought to light many astounding facts. It is charged that one young man has squandered \$20,000 in these dens in the last two years, losing as much as \$1,000 recently at one sitting. His friends are respectable, and having obtained considerable evidence against his flaccidities they will spare no pains to punish them. One night recently, it is said, the young man's wife shadowed him, found him at the gaming table and prevailed upon him to leave. He went part way home, escaped from her and staid at the gaming table all night, losing heavily.

Burned to Death.

WATERTOWN, N. Y., Dec. 30.—Mrs. Edwin Sanford, of Sandford's Corners, Jefferson county, a young married woman, aged nineteen years, was burned to death yesterday. She was alone in the house, and it is supposed her clothes caught fire from the stove, as it was found open after the accident. She rushed out of the house to a neighbor's, her clothes all ablaze, and every particle of her clothing was burned from the body before anything could be done. She died last evening, six hours after the accident occurred.

Exhibition of Semi-Tropical Fruit.

CHICAGO, Dec. 30.—An exhibition of semi-tropical fruit from central and northern California was informally opened at the armory of the First Cavalry to-day. The object of the show, which is somewhat similar to the circus fair from southern California, held in this city last March, is to acquaint the public with the large and varied semi-tropical fruits grown in the regions represented. The fruits on exhibition include oranges, lemons, grapes and strawberries.

A Religious War Election.

TORONTO, Dec. 30.—Yesterday's election in Ontario partook of the bitterness of a religious war, owing to charges that the Liberal government had permitted Protestant interests to be interfered with by Catholics. The result was the return of a majority of twenty-four members for the government, a gain of ten seats. There were a large number of labor candidates in the field, but only one was elected.

Woman Horned to a Crisp.

SCRANTON, Pa., Dec. 30.—Last evening Mrs. John Burke, of Irving avenue, while going up stairs with a lighted lamp, fell to the bottom and was stunned. The lamp exploded and set her clothing on fire. Before she could be rescued she was burned almost to a crisp. Her husband, who is blind, was unable to render any assistance, but his cries brought help to the house, which, however, unfortunately arrived too late.

A WAR SPECK IN THE EAST

THREE HUNDRED THOUSAND RUSSIAN TROOPS ORDERED TO KIEFF.

The Occupants of Ten Thousand Houses Have Received Official Notification That Soldiers Will Soon Occupy Them—Press Opinions—Foreign News Notes.

VIENNA, Dec. 30.—The Vienna press is becoming convinced that Russia is determined to wage war. Reports of increased Russian armaments are continually coming to hand from various sources. The latest intelligence of this kind is to the effect that 300,000 Russian troops have been ordered to mass in Kieff, and that the occupants of 10,000 houses have received official notification that soldiers will soon be billeted in them.

The Neue Freie Presse plainly hints that the best thing Austria can do is to submit to Russia's wishes in order to avoid a conflict.

The Tagblatt and other papers bitterly deplore the fact that Austria is compelled to abandon her Balkan program because she has been left in the lurch by Prince Bismarck, who has made peace with Russia.

Berlin News.

BRUSSELS, Dec. 30.—The Workmen's congress has appointed a committee to decide the questions of expediency of strikes and has formed a fund for equipping men willing to enroll in the civic guard and for distributing propaganda among youths drawn for military service. A proposal to affiliate with the American Knights of Labor was disavowed.

The industrial commission which is sitting in Belgium to inquire into the position of the working classes has found that among both masters and men there is practically unanimity upon one point—the workingman wastes his substance in the cabarets. Belgium is now the greater beer drinking country in Europe, the annual consumption per head of the population being twenty-five pints more than in Great Britain and nearly 60 per cent. above the consumption of Germany.

Also it is third on the list of dram-drinking countries, 70,000,000 litres of spirits being drunk there every year. Twenty years ago there were but 2,055 liquor saloons in Brussels; there are now over 10,000. Since Belgium separated from Holland in 1830, insanity has increased 103 per cent., crime 135 per cent. and the number of suicides 89 per cent. This increase is so utterly out of proportion to the growth of the population that the conclusion irresistible that the drinking habits of the Belgians have a more than usually close connection with their morals and their sanity.

Italian Diplomatic Service.

ROME, Dec. 30.—Among the changes announced in the Italian diplomatic service are the transfer of the Marquis De Spinola, present minister at Stockholm, to The Hague; Sig. De Sonnez, to Stockholm; the Marquis Maffei De Baglio, from Brussels to Madrid; Baron Blanc, now minister at Madrid, to Constantinople; Count Della Croce De Dojola, at present minister at The Hague to Brussels, and Sig. Gavagna, to Belgrade, Servia.

Reply to the Grand Vizier's Note.

CONSTANTINOPLE, Dec. 30.—M. Voulcoff, Bulgaria's agent here, in his reply to the grand vizier advising him of a memorial by a deputation of Bulgarian refugees accusing the regency of responsibility for the Bulgarian crisis, declares that the accusation concerns the internal affairs of Bulgaria, and that in these the porte under the Berlin treaty has the right to interfere.

A Reduction in the Army Credit.

PARIS, Dec. 30.—Gen. Boulanger, minister of war, has consented to a reduction in the supplementary credit asked for the military department of the government for the financial year from \$60,000,000, the amount requested, to \$10,000,000. The government proposes to deepen and widen the harbor of Havre.

Foreign Notes.

At a grand reception given to the officers of the French army by the minister of war, Gen. Boulanger emphatically disclaimed the warlike intentions ascribed to him in Germany.

A military commission is at present engaged in translating the words of command used in the Bulgarian army from the Russian language, heretofore used, into Bulgarian. It was again rumored in London that Roushke, the Abyssinian general, has captured Rasawla. It is also reported that a large body of Dervishes defeated the Abyssinians at Sabderax.

The French officer, Latellier, who was arrested at Carlsruhe, on suspicion of being a spy has been liberated.

Dissatisfied Knights of Labor.

NEW YORK, Dec. 30.—The district assemblies in ten states, Illinois, Indiana, Michigan, Texas, Missouri, Colorado, New Jersey, Connecticut, Pennsylvania and New York, will soon send a request to Mr. Powderly for a special session of the general assembly of the Knights of Labor. Mr. Powderly is obliged by the constitution to obey the request. The call is to consider a proposition to rescind the action taken at Richmond, which is considered unconstitutional, inasmuch as it added to the number of the general executive board, and made other changes without having submitted them to the local assemblies sixty days previous to the meeting of the general assembly. The impression, outside of District Assembly 49, is that there will be a split in the order.

Wolverine Willow Welders.

JACKSON, Mich., Dec. 30.—A number of delegates have arrived here to participate in a convention for the organization of a state base ball league. Among the cities which will be represented are Grand Rapids, Bay City, East Saginaw, Battle Creek, Jackson and Kalamazoo. TWO YOUNG LIVES ENDED.

A Sensational Double Tragedy Resulting From a Lover's Quarrel.

BOSTON, Dec. 30.—The last sad act of the most sensational tragedies ever enacted in this city occurred this forenoon at Mount Hope cemetery, when a double casket, containing the earthly remains of two young and pretty women, was lowered into a double grave. The story of the death of these two women is a tragic one. Neither had seen twenty years, yet both had found that life was not worth living, and had in each other's company completely hidden adieu to the world on what, to most people, is the happiest day in the year, Christmas.

Sadie Bigelow and Lizzie Hart were respectively eighteen and nineteen years of age. The former was a decided brunette, quite pretty, and with dark brown hair and eyes. She was a ready talker, and a favorite with all who knew her. The latter was a handsome blonde with blue, fascinating eyes, golden hair and a slender, stylish figure. The girls were born in St. John, N. B. Two or three years ago they came here and secured situations at small salaries as saleswomen in the store of Jordan, Marsh & Co. No ill word was ever breathed against them. Some time after coming to Boston Miss Hart married a Boston man of respectable connections, whose name is not given. The marriage proved an unhappy one, and the couple separated, the wife returning to live with Miss Bigelow.

Last fall they heard of an opportunity to better their condition in New York, and going there entered the dry goods store of Simpson, Crawford & Simpson. The situation proved only temporary. Two weeks ago the girls returned to Boston. They were unable to get work and they soon became utterly discouraged. Among their few friends here were two young men of good character named Henry Villard and Richard Reynolds. It is said that these young men had offered the girls pecuniary aid, but the latter were too proud to accept it. On Christmas afternoon the young men treated the girls to a dinner at Vendolia's restaurant. After dinner they repaired to Villard's rooms, where a telegram was found announcing the death of Miss Bigelow's mother. The young men escorted the girls to their horse car, and on the way a quarrel arose between Villard and Miss Hart about some attentions the former had recently shown to some other women. The party separated in ill-humor, the men returning to Villard's quarters where Reynolds was to sleep. At 1 a. m. Villard was aroused by a knock at his door and on opening it he found Miss Hart in an exhausted condition and just able to say that she and her friend had taken "Rough on Rats." The girl was laid on the bed, a doctor summoned, and antidotes applied; but too late, for after suffering agonies for six hours she died.

Before dying, upon being asked what could have induced her to poison herself, she said: "Lizzie was so sorry that her mother died that she wanted to die too. But I would not let her die without me, so I took the poison too. I love her more than my life." She also said that she had determined in the horse car to commit suicide. They got off the car, bought the boxes of "Rough on Rats," went home and took the poison in water. Lizzie felt the effects first and lay down to die. Sadie then repented her act and started out for help. She took a cab for Villard's rooms first, stopping at a strict telegraph office and ordering a messenger to send a doctor to assist Miss Hart. The messenger thought she was drunk and did not obey. On going to the girls' lodging house the young man found the half naked body of Lizzie Hart stretched out on the rumbled bed, cold in death.

It is stated an autopsy held yesterday showed that Miss Bigelow was encephalic. Medical Examiner Draper, however, was seen at midnight and refused to disclose the results of the examination.

American Society of Naturalists.

PHILADELPHIA, Dec. 30.—About thirty members were present at the fifth annual meeting of the American Society of Naturalists, which began here. President G. V. Gilbert read a lengthy paper devoted to the consideration of the graphic methods of finding the equations for determining rain, thunder storms, etc. E. B. Wilson, professor of biology at Bryn Mawr, delivered an address upon "Moulds and Their Relation to Bacteria." A. A. the afternoon session Dr. C. A. Oliver read a paper on "Color Blindness," and Professor Hyatt, of Boston, read a paper on the method of instructing large classes with specimens.

Fatal Quarrel Over a Bottle of Whisky. SHELBYVILLE, Ky., Dec. 30.—About 7 o'clock yesterday morning Steve Edwards, a colored employe at Brown, Beath & Hall's livery stable, struck Ned Smith, also colored, with a pitchfork handle, instantly killing him. They had quarreled for some time about a bottle of whisky, when Smith got a hatchet and started at Edwards, who struck him with the fork-handle with the effect stated above. Edwards gave himself up to the officers, and was placed in jail. He is a very peaceable negro and has the sympathy of every one.

A City's Financial Troubles.

HOUSTON, Tex., Dec. 30.—At its citizens' meeting to consider the city debt question a committee appointed to investigate and report the most feasible plan submitted a proposition to apply to the legislature for the repeal of the city charter, but providing for the protection of creditors who had already accepted fifty cents on the dollar. No action was taken, but the committee report is favorably thought of. The city has a debt of \$1,500,000, principally bonds issued years ago, and from which no benefits have been derived.

BELOIT, Ind., Dec. 30.—The remains of Mrs. Mary Bundy were brought here yesterday from Chicago for burial, and were accompanied by her son, Major J. M. Bundy, editor of the New York Mail and Express. Mr. Bundy was a former resident of this city, and a graduate of the college in 1853.

No Cut in Eastern Rates.

SAN FRANCISCO, Dec. 30.—The officials of the Atlantic & Pacific Railroad company deny the statement that eastern rates have been cut by that company.
